

# Rolls Royce Cullinan: *The Best Luxury SUV on Roads Right Now?*

---

If you've been on the lookout for a vehicle that has an overpowering yet graceful aura, you're in luck because the [Rolls Royce Cullinan](#) is precisely what you must've envisioned! Built to suit the needs of every kind of driver, the Rolls Royce Cullinan reeks of luxury, complexity, and of course, automotive excellence.

From having a twin-turbocharged 6.75-liter V12 engine to an unparalleled torque of 627 lbf-ft., the luxury SUV can take you from 0 to 60 mph in 4.5 seconds.

Let's take a look at a few features that make this impressive vehicle one of the best SUVs the world has ever seen!

## **The four-wheel steering system**

The sturdy structure of the SUV makes it nothing short of a beast—one would think this would make it hard to control, but on the contrary, that's not the case; thanks to the extremely easy to handle four-wheel steering system. The [front and rear axles](#) move in the opposite direction at lower speeds to minimize the turning radius for more control over the car's movement.

## **The first off-roading Rolls Royce**

The Rolls Royce Cullinan is the first vehicle designed by the company for off-roading—and it excels at it! From the four-wheel driving system to a range of other features, every part of the car works in unison to eliminate the need for differential locks and to deliver unparalleled performance on the roughest of terrains. The total suspension travel goes up to 120mm and the car can also deliver 570 mm of water wading.

## **Inexplicable attention to detail**

The manufacturers went all out when it came to designing the interior of this car. Carefully placed pieces of wood outline the internal layout of the car—emanating luxury and finesse from its look to the touch. The dashboard, the rear center console, and the door panels, the [fine and polished wood](#) makes the interior effortlessly exquisite. In addition to that, the car also has quality leather seats and an infotainment system that's equipped with the most advanced features.

Other than that, the car also has an automatic umbrella dryer, adaptable floor height, a helicopter mode camera, and is acoustically sealed!

It's safe to say we've uncovered the best luxury SUV to this date!
