

CASE STUDY

Search Berg used SEO to help Pappy's Devil Crabs create a compelling online presence that drove 168 new customers to the website in less than two months!

An Introduction To Pappy's Devil Crabs

Pappy's Devil Crabs is a catering and wholesale venture founded by a Caribbean chef. Based in Tampa, Chef Pappy's specialty is his devil crabs that he's perfected in 30 years of work in the culinary industry.

They also cook a range of savory treats and drinks perfect for any occasion. Some of them include:

- Empanadas
- Stuffed potatoes
- Island-style drinks

Analyzing Their Performance Gaps

In a competitive digital landscape, it's impossible to reach the target audiences without a compelling online presence. Even with a responsive and mobile-friendly website, Pappy's Devil Crabs struggled to generate leads that would convert. Most keywords for their business didn't even appear in the first 200 ranks of Google's SERPs.

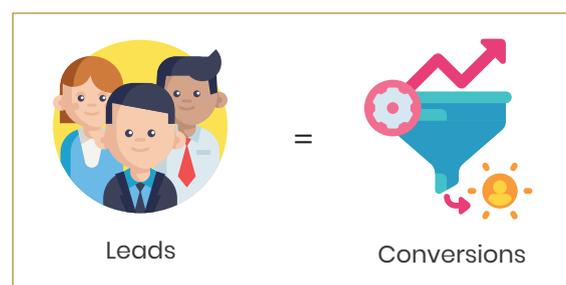

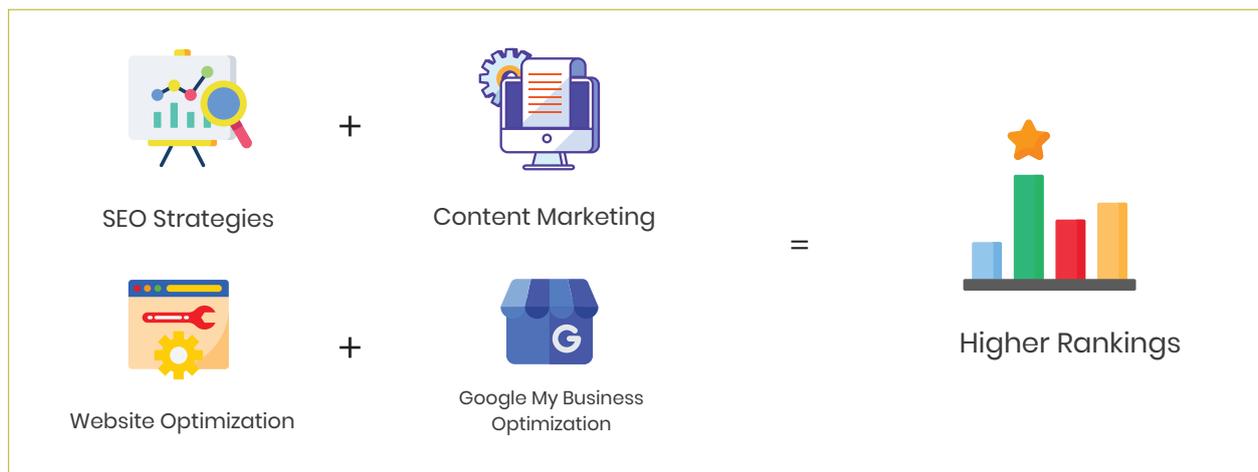

This was when Pappy's Devil Crabs decided to find a better way to reach out to local customers with SEO. They wanted to revamp their online marketing tactics to improve online visibility and offer useful information about their services that could generate more leads for the business

Charting A Strategic Game Plan

Pappy's Devil Crabs turned to Search Berg to increase their local market share, find more leads, give their online visibility a boost, and transform their e-commerce site into a commercial success.

We used a combination of e-commerce SEO and content marketing activities to increase rankings and attract qualified local traffic.

Pappy's Devil Crabs wanted to attain higher SERP rankings for more leads, that they could leverage for more conversions.

Setting The Stage For Success The Search Berg Way!

Search Berg knows that designing a custom SEO strategy is more than just about boosting site traffic. Hence, to drive quantifiable results, our experts identified local keywords relevant to the client's business. We also ran a competitor analysis to produce a list of carefully crafted long-tailed words to divert traffic to Pappy's Devil Crabs' website.

In the next step, we identified their business goals and suggested marketing objectives based on the outcomes of our analysis. We then launched a comprehensive SEO strategy that would bring in convertible leads from several channels

A Result-Driven SEO Strategy

The primary goal of our online marketing strategy was to bring web traffic to and raise Google rankings for the client's e-commerce site. To accomplish all this, our SEO strategy included:

- Website optimization and local link-building for qualified leads.
- Custom content creation geared toward getting qualified leads with high purchase intent.
- Google My Business optimization to propel site growth and improve customer engagement with locals.

4 Most Popular Ethnic Cuisines in the United States

According to statistics, 77% of Americans prefer dining out at ethnic restaurants whereas 38% order in ethnic food once a week. The most eager to try new dishes and explore other food options happen to be millennials. This is becoming increasingly common in the United States and we're not just talking about ordering in pizza every now and then. Lots of migrant communities that settle and disperse in the urban setting introduce new flavors and recipes to the community they are a part of. Soon enough the cuisine blends into the local flavors and emerges with its own American twist. Let's take a look at some of the most beloved cuisines that Americans can't get enough of.
